Message from the Principal's Office

Dear parents, students, staff and friends of Al Amanah College;

In the name of Allah, the most merciful, we thank Allah for the blessing of being from the nation of the best creation; the nation of Prophet Muhammad peace be upon him.

Welcome to our final newsletter for 2020. In this edition we continue to share with you the school's achievements in 2020. During this term, Year Eleven students had their end of year presentation during week two, they have officially started their HSC studies, we wish them the best of luck. Year Ten students had their graduation ceremony. Year Seven, Eight and Nine students continued to work at their studies and have enjoyed participating in various school and sporting activities. Year Six students attended an open day on Monday 23 November as part of their transition programme to gain some insight into secondary school. They spent the day at the secondary school and participated in team building activities and met some high school staff members in readiness for 2021.

I would like to take this opportunity to thank our school leadership team, teaching and non-teaching staff for their support and hard work throughout the year; it is greatly appreciated. They are an outstanding group of people who are highly motivated and focused solely on the education of our children. We acknowledge and thank them all for their commitment, continued passion and energy this year.

Few staff members will be leaving Al Amanah College to continue developing their professional careers in 2021. We farewell and thank

them for their work and support at Al Amanah College.

A number of new teachers and teaching assistants will join the school next year. We welcome them all and we hope they will enjoy their time at our and soon what will be their school.

I would also like to acknowledge the parent's volunteers for their contributions. We are extremely fortunate to have such a committed group of parent volunteers who strive to provide the best environment possible for our students. Unfortunately, though, this year and due to the pandemic, their involvement was limited. We thank them greatly and wish them well for the future.

I would like to note that Al Amanah College continues to be in a very strong Islamic and educational position. We continue to have strong enrolments for 2021 and with the support of the School's executives, teaching and non-teaching staff, Al Amanah College Community will continue to flourish and grow.

In closing, I take this opportunity to wish all those who are leaving for all the best. I congratulate all students of Al Amanah College for completing another year! I wish all our parents, students and staff a safe and relaxing break and look forward to working with you all in 2021.

Regards,

Ayman Alwan

SRC Excursion - 2020

On Thursday 3 December 2020 the SRC representatives of Al Amanah College embarked on an annual excursion to Tree Tops. This excursion was a wonderful way to end 2020 for the students amidst the ongoing pandemic.

The younger primary students enjoyed their junior obstacle courses sliding and climbing their way through them, whilst the older students faced more difficult challenges through the hair-raising obstacle courses improving their communication, perseverance and leadership skills.

We would like to thank the SRC body for their valiant efforts during the excursion and the entire school year.

We would also like to thank, the supervising teachers from both high school and primary school who accompanied the students and provided moral support and encouragement throughout the day.

Overall, it was an enjoyable day full of challenges and excitement! We look forward to return to Tree Tops in the upcoming year.

Kindergarten Shoelace Tying Experience

On Tuesday 8 December, kindergarten student had a special visitor from the Athlet's Foot Shoe Company. They participated in shoelace tying lessons which helped them learn an important life skill, assist in developing their fine motor skills and help create independence.

These lessons were interactive and fun-filled. Our student were guided through the nine steps of tying shoelaces to help them to master the task and independently tie their own.

Kindergarten watched a multi-media presentation. They practised the nine-step method and learned about important foot health information in a fun and practical way. This was a good introduction to help to get them ready for the school environment where correct footwear is an essential part of every day.

KK and KR student enjoyed this experience, and each child was presented with a gift bag.

Senior Student Advice - Summer Break

The first term of studies in the HSC class of 2021 is drawing to an end. It is essential for senior students to devote some time towards their learning during the upcoming summer break while also enjoying a well-deserved break! It is strongly advised that the 2021 HSC class engage in:

1. Planning and successfully implementing a study regime over their summer break. It is recommended that Year Twelve students take leadership in formulating a plan to accommodate family and personal commitments whilst also making time for academic pursuits
2. In academic - knowledge driven courses such as Business Studies, Biology, Economics, Geography and Chemistry it is vital that ample time is spent in readings to ensure preparations for the half yearly exams are well underway during the break. It is also essential that all syllabus concepts, skills and rubric requirements for these courses are clearly understood by all students.
3. In English, it would be advisable for all students to ensure all prescribed texts and rubric requirements are well understood. In Mathematics solving problems is key to success.
4. The use of past HSC exams for practice under time constraints is an excellent idea. Note the past exams and marking criteria/guidelines are available on BOSTES website.
5. It is also advisable that all Year Twelve students access past Half Yearly Exams in the library and Moodle to practice writing responses to exam questions under time constraints. Please note students should feel free to send responses via email to their teachers to obtain feedback over the break.

Learning resources will continue to be available on Moodle and it is a great pathway to remain engaged with academic work. Mr Nand will continue to be available via email over the break in the event you have any queries regarding senior mentoring program work and or record keeping for university related applications in 2021.

Enjoy your break Year Twelve!

Secondary Gold Award Achievers Incursion

On Wednesday 9 December the high school gold award recipients celebrated their achievements through a 'Movie Theatre Experience' incursion which was held at Al Amanah College.

Award winners were greeted with an array of snacks and popcorn to simulate a cinema experience. The boys and girls, although separated enjoyed two separate movie sessions - Mulan 2020 and The Dark Knight Rises 2012.

A 'Broaster' lunch was organised for the gold award recipients which was an excellent way to end a challenging year with friends.

We would like to congratulate the award winners of 2020, and hope they enjoyed a different way to celebrate their achievements due to the ongoing pandemic.

Year Twelve Mentor Advice Session

The college Principal Mr Alwan provided the Year Twelve 2021 students with valuable advice that highlighted the importance of maintaining their momentum throughout the school holidays to ensure a successful 2021 HSC academic year by using their holiday study timetables to actively revise, study and complete set assessment tasks on a daily basis. He emphasised the school is built upon a nurturing and caring environment whereby the students are able to seek advice, assistance and support from the executive team, stage six coordinator, year advisors and subject teachers. As a token of appreciation and gift from the school he provided the students with an Al Amanah pen and 2020 yearbook which highlighted the academic, sporting and extra-curricular achievements of Al Amanah throughout the 2020 academic school year.

On behalf of Al Amanah College, we wish all students and their families a happy and safe holiday. Looking forward to seeing everyone energised and motivated for the 2021 academic year.

Robotics Competition

On Sunday 22 November 2020, Al Amanah's Robotics Team came together to participate in this year First Lego League competition. Due to the COVID-19 pandemic, the competition was rescheduled later in the year with the competition streamed online which ultimately changed the dynamics of the competition. Regardless of the situation, the diligent and hard-working Robotics team were willing to endure this very challenging task and work collaboratively together to come up with some effective solutions and ideas to the challenges that was presented to them. Our innovative team built a new robot to try and complete as many missions as possible and one of the amazing ideas the team came up with was a community initiative to develop a fitness park for the visually impaired.

The Lego League competition saw the students develop innovative, creative and teamwork skills. Although the highly dedicated team did not win the competition, it was great to see the students actively represent the school and getting involved in the wider community to come up with rigorous solutions to improve our community as a whole.
